

General Provider Communication

*Maricopa County Regional Behavioral Health Authority
Magellan Health Services of Arizona, Inc.*

Dear Provider,

Magellan has discovered a small typographic error in our demographic file layout document. While it had no effect on the file layout, it was inconsistent and in need of correction. Attached is an updated layout document with the numbering in column A corrected.

Additionally we added a reference to the field number on the ADHS/DBHS DUG in column B so that the documentation provided by ADHS/DBHS can be used for further clarification.

Please click [HERE](#) to access the new demographic file.

If you have any questions or concerns please email Matt Hall at MMHall@MagellanHealth.com

Thank you.
