

## General Provider Communication

Maricopa County Regional Behavioral Health Authority  
Magellan Health Services of Arizona, Inc.

Dear Provider,

Magellan was informed late yesterday afternoon that the implementation of the **Jan. 25, 2010, Demographic changes will be delayed.** At this time we have not been given a new implementation date. We apologize for the delay and any inconvenience this may have caused. **Please continue to submit your Demographic in the current format, not the new Jan. 25, 2010 format.**

Magellan would like to encourage the provider network to view this postponement as an opportunity to ensure your systems are ready for the update, and fully tested with Magellan. With that being said, if you have not tested your systems with the Magellan IT Department, please do so as soon as possible.

Magellan will notify providers as soon as we are given any additional information on the Demographic implementation date.

Thank you for your understanding.
