

General Provider Communication

*Maricopa County Regional Behavioral Health Authority
Magellan Health Services of Arizona, Inc.*

Dear Provider,

Due to mandatory furloughs, the Arizona Department of Health Services and other state government offices will be closed Friday, August 20, 2010. As a result, no files will be processed this Friday. Processing on Thursday, August 19, 2010, will be the final processing for this week. Files processed by close of business Thursday will have Division of Behavioral Health Services response files available Friday morning; however, AHCCCS response files will not be available until Monday, August 23, 2010.

Thank you.
